Summary:

The Board will receive an update and presentation from Larry Walker and Associates regarding the Technical Advisory Committee comments and review of the Phase I reports.

Recommended Action:

Accept with qualifications the Phase I reports based on the comments and suggestions provided by the Technical Advisory Committee.

Background:

The Technical Advisory Committee meet on November 8, 2018 and April 16, 2019, to discuss and review the Phase I reports related to the development of an Ukiah Valley Groundwater Sustainability Plan. The attached memorandum summarizes the input received from the members of the Ukiah Valley Basin Groundwater Sustainability Agency (UVBGSA) Technical Advisory Committee (TAC) for the review of completed reports for Phase I of the UVB Groundwater Sustainability Plan (GSP) Development. The Larry Walker Associates (LWA) Team discussed the Phase I reports at a TAC meeting on November 8, 2018. The purpose of the discussion and review was to assess the extent that the LWA Team can and should rely on the information presented in reports produced during Phase I of the project. This memorandum summarizes the review process and the comments received from TAC members.
