Interests & Experiences

Special Expertise, Experience, or Interest in This Area?

I'm a nonprofit professional, public interest advocate, and economic development specialist with experience in the public sector, private sector, and philanthropy. My skill set centers around promoting strong local economies, environmental advocacy, arts advocacy, historic preservation, sustainable community development, foundational giving, and nonprofit fundraising which has helped me to support a brighter future for Mendocino County and raise over 15 million dollars over the course of my career. I'm currently participating in Leadership Mendocino, serving as president of the Larry Spring Museum of Common Sense Physics, and serving as an Arts Council of Mendocino County board member and am excited about this potential opportunity to get more involved in our community. I appreciate the important work that the Mendocino County Museum is doing to preserve our county's history and I would be honored to serve on the Museum Advisory Board. I feel that I could contribute my experience in economic development, nonprofit growth, and marketing to help promote the museum and ensure that it remains accessible to county residents and visitors. Thank you for your consideration! Kind regards, Phoenix Trent
