Hello,

I am writing to inform the county that the proposed build site is too close to the 55 year old water main.

Please review the attached drawings and deny this permit based on public water main setback of 25 ft. from septic leach field.

Thank You,  
Dewey Rodgers  
[916-759-8465](tel:916-759-8465)

Hi Charlie,  
Here is a drawing that Dyson submitted to the Architectural committee. I added the water main showing the leach field directly over it.

Dewey
