UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101085 AND 120175, AND PENAL CODE SECTION 409.5(a), THE HEALTH OFFICER OF THE COUNTY OF MENDOCINO (“HEALTH OFFICER”) ORDERS:

This Order hereby rescinds the prior Shelter in Place Orders previously issued by the Mendocino County Health Officer.

1. The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times reasonably possible comply with Social Distancing Requirements as defined in Section 9 below. All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any provisions of this order constitutes an imminent threat to public health.
2. All individuals currently living within Mendocino County (the “County”) are ordered to shelter at their place of residence. To the extent individuals are using shared or outdoor spaces, they must at all times as reasonably possible maintain social distancing of at least six feet from any other person when they are outside their residence. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, or to operate Essential Businesses, all as defined in

Section 9. Individuals experiencing homelessness are strongly urged to obtain shelter, and governmental and other entities are strongly urged to make such shelter available as soon as possible and to the maximum extent practicable (and to utilize Social Distancing Requirements in their operation).

3. All businesses with a facility in the County, except Essential Businesses as defined below in Section 9, are ordered to cease all activities at facilities located within the County except Minimum Basic Operations, as defined in Section 9. For clarity, businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open. To the greatest extent feasible, Essential Businesses shall comply with Social Distancing Requirements as defined in Section 9 below, including, but not limited to, when any customers are standing in line.
4. All public and private gatherings of any number of people occurring outside a household or living unit are prohibited except for the limited purposes expressly permitted in Section 9. Nothing in this Order prohibits the gathering of members of a household or living unit.
5. All travel, including, but not limited to, travel on foot, bicycle, scooter, motorcycle, automobile, or public transit, except Essential Travel and Essential Activities as defined below in Section 9, is prohibited. People must use public transit only for purposes of performing Essential Activities or to travel to and from work to operate Essential Businesses or maintain Essential Governmental Functions. People riding on public transit must comply with Social Distancing Requirements as defined in Section 9 below, to the greatest extent feasible. This Order allows travel into or out of the County to perform Essential Activities, operate Essential Businesses, or maintain Essential Governmental Functions.
6. This Order is issued based on evidence of increasing occurrence of COVID-19 throughout the Bay Area and the World, scientific evidence, and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the County places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of COVID-19 in the region, which is now a pandemic according to the World Health Organization, there is a public health emergency throughout the County. Making the problem worse, some individuals who contract COVID-19 have no symptoms or have mild symptoms, which means they may not be aware they carry the virus. Because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of COVID-19, this Order helps preserve critical and limited healthcare capacity in the County.
7. This Order is issued in accordance with, and incorporates by reference, the March 4, 2020 Declaration of the Health Officer; the March 4, 2020 Proclamation of a State of Emergency issued by Governor Gavin Newsom; the March 19, 2020 Executive Order N-33-20 and corresponding California State Public Health Officer Order and Essential List of Critical Infrastructure Workers, the March 4, 2020 Proclamation of Local Emergency for the County of Mendocino issued by the Director of Emergency Services Declaring the Existence of a Local Emergency in the County Regarding Novel Coronavirus 2019 (COVID-19); the March 10, 2020 Resolution of the Board of Supervisors of the County of Mendocino Ratifying and Extending the Declaration of a Local Health Emergency, and Ratifying and Extending the Proclamation of a Local Emergency.
8. This Order comes after the release of substantial guidance from the County Health Officer, the Centers for Disease Control and Prevention, the California Department of Public Health, and other public health officials throughout the United States and around the world, including a variety of prior

orders to combat the spread and harms of COVID-19. The Health Officer will continue to assess the quickly evolving situation and may modify or extend this Order, or issue additional Orders related to COVID-19.
