

Good afternoon I know there has been lots of conversation about potential to open up some of the recreation locations maybe in phases? My question is the Noyo Harbor launch ramp opening. This is a location that is easy to have distancing between people and then out on the open water with family is about as clean as it gets. If you get a chance can you let me know if this is something that can be re-opened?

Thank you and again stay safe and have a good afternoon.
