

Dear Supervisors,

I understand that on tomorrow's agenda is discussion regarding opening up golf courses to normal conditions in Mendocino County. Thank you supervisor McCowen for adding this important topic to the agenda.

From all the studying I've been able to do from my couch over the last two months of shelter in place, it is obvious that outdoor non-contact activities present little or no threat to spreading the COVID-19 virus. I miss outdoor activities immensely, golf included. Please vote to open the golf courses back up to normal play for Mendocino County, without restrictions.

Thank you,

Jeff Fowler
Mendocino County Resident
