

Dear Board of Supervisors, please consider funding of a least \$50K to the Fire Safe Council in order to continue the mission to keep our community safe and informed. Their proven actions have benefited our residents in the East Hills area this past year, by obtaining grants and therefore facilitating the removal of brush from Redemeyer Road, the only egress from our homes in the event of a wildfire. We will benefit from their future support in the form of meetings and information to keep our residents safe.

Thank you for your consideration,

Mary Vilotti
