

We are 33 year residents of Mendocino County and are very concerned to hear that the Fire Safe Council budget may be cut from \$100,000 to \$25,000. We echo the comments from Marisela de Santa Anna, a fellow resident of Muir Mill Road SW of Willits. The Fire Safe Council has been working hard for Mendocino County and become an important resource for fire prevention and information. I understand that next year will be a very lean year as COvid-19 has affected all of our businesses in the county but our fire hazards in the county have not changed. We are in a drought year which makes it even more important to support the FSC. TO cut them from 100,000 to 25,000 is a very drastic reduction. Please consider at least funding them at 50,000 which would fund their baseline programs. Thanks for your consideration, Bruce and Patricia Yoxall
