

Hello,

Apparently you can't make two comments about the same item online. I have a comment about the Fire Safe Council budget already. But I also want to encourage you to take a stand regarding law enforcement funding during this national opportunity. Law enforcement is a huge chunk of the county budget. Is it all well spent money? Could other departments do parts of this job more effectively, given some resources? Of course! Let's stop asking our police and sheriff departments to cover everything. Make a change here in our beautiful county now. We have a HUGE homeless and mental health problem in Ukiah and countywide. Trained professionals could have more impact - give them resources. THE STATUS QUO HASN'T WORKED. Think outside the box and let's see some positive change in our beautiful and precious county.

Thanks,

Kathy Borst
