

Hi, I own a business in Mendocino and we are not opening our clothing store because I can see many of the visitors and some of the locals not wearing masks.. it seems very dangerous for this community to allow this infringement.

I would like to see people getting small fines for not wearing masks to get them on board.. I don't know when we can ever get back to a safer reality.. but I do know it will be sooner if we can enforce mask wearing. thank you, Silver Mangini
