

Dear Supervisors,

As an owner of a home in the historic village of Mendocino since 1977, I am writing to support the Mendocino Historical Review Board decision about the Maxwell Property. I am grateful that the board serves to preserve our historic integrity. I also find it specifically important to observe the yard setback codes for fire safety as well as the residential codes of our neighborhood. I hope you are supporting the Mendocino Historical Review Board decision.

Thank you.

Catherine Potenza
