

Dear Mendocino County Board of Supervisors,

My name is Genna Lewis, Mendocino. To own a home in the town of Mendocino requires an understanding in the purpose of preservation for a historic district. Having attended the past MHRB meetings following The Collin Maxwell 45270 Albion Street permit process, I have one steadfast thought; Warning

Review Board beware. The MHRB was generous in allowing the possible conditions to be met for an approved permit, the approval does not exist without the conditions. I am requesting that the voting supervisors understand and support the MHRB Maxwell decision that preserves our historic town.

Thank you,

Genna Lewis
