

Dear Mendocino County Board of Supervisors,

This email is in support of permanently terminating Mendocino County's Agreement with the above-referenced entity.

I am appalled that our taxpayer funds have been supporting the USDA's Integrated Wildlife Damage Management Program (IWDMP).

The IWDMP cruelly and senselessly kills wild and domestic animals.

Please adopt and implement a science-based and ethically defensible **non-lethal** program for addressing conflicts with wildlife in Mendocino County.

Thank you for your consideration.

Respectfully submitted,

Meredyth Reinhard  
Mendocino County
