

I have worked for 14 years to clear my property and with an encroachment permit, the greenbelt below my house. I have spent a considerable amount of my fixed income to remove brush and low hanging branches.

However, the empty lot between my house and the house next door has several standing, dry and dead trees. I am afraid that should a fire occur in our area, I will lose my home and everything I own due to this unmaintained property. I do not have the funds to pay for the abatement of this hazardous lot.

Please pass the

Hazardous Vegetation and Rubbish Abatement Ordinance.

Thank you,

Lynne W Robertson
