Interests & Experiences

Special Expertise, Experience, or Interest in This Area?

I've been participating as a public member with the group since it's second meeting. Ive worked with the ad-hoc committee for my district to come up with a work plan for our group. I've also been working with the group to create a baseline GHG emissions inventory, primarily documenting the data points and methodology for GHG emissions inventories by researching other counties plans and current protocols. I've also been a small scale farmer for the past 5 years so I bring a lot of knowledge on the issues facing agriculture specifically. Finally, my professional background is in design, specifically graphic design and web interface design. I moved to Willits to attend the farm school because I believe climate change is the single most important issue of our lives and I want to do everything in my power to address it.

Certification

Please read the following statements and indicate your acceptance thereof.

I hereby certify that I am a registered voter in the State of California, County of Mendocino, a citizen of the United States, and will be at least 18 years of age at the time of the next election. I am not imprisoned or on parole for the conviction of a felony. I certify under penalty of perjury, under the laws of the State of California, that the information on this application is true and correct. I understand that assuming this public responsibility could result in public knowledge of my background and/or qualifications, including financial interests. Applications will be kept on file for one year.
