

Dear Board of Supervisors,

We are a licensed cannabis farm in Mendocino County. We are writing to express our support of the recommendations made by the Mendocino Cannabis Alliance for tomorrow's meeting of the Board of Supervisors. Specifically, we support treating cannabis like other agriculture, allowing cultivation in all zones where row/field crops are allowed, easing building permit restrictions, allowing environmentally-sound expansion for all license types, and prioritizing CEQA compliance for our existing provisionally licensed operators.

We hold the following cultivation licenses:
