

To our supervisors,

I am fifteen years old. I was born and raised on Pine Mt. I am strongly opposed to this tower.

This tower will stand above my tree line and dominate my view. I get perfectly good service anywhere on my property. I want to live on Pine Mt. and eventually raise a family. I do not see a future here if I have to live under this tower. In this time of changing climate and an unknown future. I urge my leaders to care and protect the future my generation will someday inherit.

Thank you for denying this tower,

Ember Youngstrom
