

ORDINANCE NO. 4472

AN URGENCY ORDINANCE OF THE MENDOCINO COUNTY BOARD OF SUPERVISORS ALLOWING AND ESTABLISHING REQUIREMENTS FOR TEMPORARY BUSINESS MODIFICATIONS DURING COVID-19 PANDEMIC

WHEREAS, on March 4, 2020, Governor Newsom issued a Proclamation of a State of Emergency in the State of California related to the COVID-19 pandemic; and

WHEREAS, the County of Mendocino Health Officer (Health Officer) declared a local health emergency related to the COVID-19 on March 4, 2020; and

WHEREAS, the County of Mendocino Director of Emergency Services proclaimed the existence of a local emergency related to COVID-19 on March 4, 2020; and

WHEREAS, on March 10, 2020, the Board of Supervisors of the County of Mendocino adopted Resolution No. 20-0024 ratified the local emergency related to COVID-19 as proclaimed by the Chief Executive Officer/Director of Emergency Services and ratified the existence of a local emergency as proclaimed by the Health Officer; and

WHEREAS, in light of the COVID-19 pandemic and Governor Newsom's state of emergency proclamation, on March 12, 2020, the Governor issued Executive Order N-25-20, ordering residents to heed any order by local public health officials, "including but not limited to the imposition of social distancing measures, to control the spread of COVID-19"; and

WHEREAS, on March 18, 2020, the Health Officer ordered all individuals living in the County to shelter in their place of residence, except to provide or receive certain essential services, engage in certain essential activities, and work for essential businesses and governmental services. This Order was issued on evidence of increasing occurrence of COVID-19 throughout the Bay Area, and the need to slow the rate of transmission to protect the most vulnerable and prevent the health care system from being overwhelmed; and

WHEREAS, on March 19, 2020, Governor Newsom issued Executive Order N-33-20 imposing a statewide shelter-in-place order requiring individuals to remain in their places of residence except as needed to maintain continuity of operations of critical infrastructure, access necessities such as food, prescriptions and healthcare, or engage in other authorized activities, and which remains in place with certain modifications to authorized activities and business operations; and

WHEREAS, the operative Health Officer Order, effective September 22, 2020, requires social distancing (also referred to as "physical distancing" by the State of California) by all individuals and require all businesses operating at facilities in the County visited or used by the public or personnel to follow the COVID-19 Industry Guidance and according to the Blueprint for a Safer Economy; and prepare (or continue to maintain) and post a "Social Distancing and Hygiene Protocol"; and

WHEREAS, in accordance with the State Blueprint for a Safer Economy, those businesses which are allowed to open outdoors, while the County is in the Widespread (purple) Tier, include certain personal care services, museums, zoos, aquariums, Places of Worship, movie theaters, gyms and fitness centers, restaurants and wineries. In addition, retail businesses are encouraged and authorized to offer curbside sales, pickup and delivery to help

minimize in-store contact and maintain social distancing; and

WHEREAS, businesses that are allowed to open must modify operations to comply with the County Health Order and guidelines and regulations specific to their industry sector from relevant local and state agencies, as well as prepare, post, and implement a physical distancing protocol to protect employees, customers, and the general public, and self-certify compliance; and

WHEREAS, social distancing continues to be imperative due to evidence of continued significant community transmission of COVID-19 within the County and throughout the region; continued uncertainty regarding the degree of undetected asymptomatic transmission; scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically; evidence that the age, condition, and health of a significant portion of the population of the County places it at risk for serious health complications, including death, from COVID- 19; and further evidence that others, including younger and otherwise healthy people, are also at risk for serious outcomes; and

WHEREAS, particularly because individuals with COVID-19 may be asymptomatic, social distancing and modified business operations, such as using outdoor spaces and providing curbside pickup, takeout, and delivery, are critical to safely reopening businesses and preventing or mitigating a future spike in transmission; and

WHEREAS, unemployment rates in the County, the State, and the country have increased drastically during the shelter in place orders. The California Economic Development Department reported that the unemployment rate in the County was 14.8 percent in April 2020, up from 5.9 percent in March 2020. Safely reopening businesses is urgently necessary to prevent or mitigate a severe economic emergency that exacerbates risks to public health, safety, and welfare; and

WHEREAS, even as more indoor activities are allowed, outdoor activities remain safer due to the lower risk of transmission of COVID-19; and

WHEREAS, the immediate implementation of this ordinance is necessary because businesses need to be able to build temporary structures and modifications to operate through the winter months and continued COVID-19 pandemic, State Shelter Orders and County Health Orders; and

WHEREAS, Government Code section 25131 expressly authorizes the Board of Supervisors to adopt an urgency ordinance immediately upon its introduction.
