

Dear Mendocino County Board of Supervisors,
Please vote NO on the latest threats to the safety and livability of our neighborhoods. Our lots in Rogina Heights are larger for the accommodation of septic tanks--but these larger size lots may also support marijuana growing activities that attract violence and taint air quality. If these grows have to exist, please manage them in ways that respect the quality of life for neighbors.

We oppose the changes proposed by Supervisors Haschak and Williams in item 3b eliminating or reducing current restrictions to medicinal and adult-use cannabis cultivation in residential neighborhoods.

We appreciate all you have done to protect our Mendocino County neighborhoods and ask that you continue to support quality of life in our County.

Sincerely, Frazz and Donna Frassinello (Rogina Heights)
