COVID-19 Response and Statistics

County employees have used the following Emergency Paid Sick Leave, Emergency FMLA (for childcare), and Advanced Sick Leave since the availability of the benefits on April 1, 2020:

Emergency Paid Sick Leave (EPSL) for Employee Personal use only:

- Currently on sick leave: 6
- Returned to work from sick leave: 105
- No longer County employed: 3
- Total employees: 114

FMLA/EPSL for Child Care Reasons:

- Continuous leave: 1
- Intermittent Leave: 21
- Returned from FMLA: 44
- No longer County employed: 3
- Total employees: 69

Advanced Sick Leave:

- Total employees: 17

Civil Service Commission:

For 2020, the Civil Service Commission had eight (8) Regular Meetings and one (1) Special Meetings. During these meetings, the Commission heard nine (9) Probation Period Extensions, and fourteen (14) Classification Studies.

Health Plan:

The transition to Anthem Blue Cross for third party administration of medical claim and flexible spending accounts is complete. As with any large transition, there may be minor bugs to work out along the way. Identification cards have been issued to the employee and their eligible spouse but individual cards were not issued for dependent children. Employees can download Anthem's Sydney app to their smart phone to obtain real time eligibility and benefits (flyer attached).

Employees who have not received their new Anthem ID cards or their Flexible Spending Account debit cards should contact Human Resources by phone at 234-6600 or by email at employeehealthbenefits@mendocinocounty.org for assistance.

Human Resources Update - Continued

Work of Art Wellness Program

MCWOW is excited to announce an entirely new well-being program called **Work of Art**, designed to enhance resilience and cultivate happiness. There is no set formula or specific guideline for being happy. How you interact with others, the way you manage life's ups and downs, thoughts and attitudes you choose, and the relationships you nurture make up the rich tapestry of you: your personal work of art. Complete activities you value and track progress by "painting" images that have a personal meaning to you.

Check out Mendocino County's Career Page, powered by NEOGOV.

www.governmentjobs.com/careers/mendocinoca

EARN INCENTIVE POINTS: Participants who complete at least six (6) Works of Art during the challenge will earn **3,200 Incentive Points** for the 2021 Wellness Incentive Program being announced soon. **The Registration deadline is February 1, 2021!** For more information:

New Workforce Development Opportunities

Learning opportunities for 2021 will continue to be virtual and the 2021 course schedule is now available on the [Training website](#).

New for 2021, employees now have access to variety of virtual trainings that can be geared to a specific technical, leadership or professional skill. These available courses are available through the County's [training website](#). To enroll in a course, employees will need to log in to [Target Solutions](#) with their county email and password. Once logged in employees can search for any classes they would like to complete by clicking on "Self-Assign."

2021 Supervisor & Management Academy

In 2019, Human Resources began offering a Supervisor Academy certification Program which was put on hold during 2020 due to COVID-19. For 2021, the Supervisor Academy program has returned and is being expanded to include a separate Management Academy. Each Academy is mandatory and consists of nine (9) individual courses, which must be completed within a two (2) year period of time. For 2021, the course series will be offered twice annually in a virtual format, from February-June and again from August-December. To sign up:

Emergency Projects

During winter testing and service, facilities staff found that the generator at the Spanish Mountain repeater site had failed. Emergency replacement was determined to be the best course of action due to the existing generator being under sized and beyond its service life. Replacement will be completed on an emergency basis as part of an existing project for the waterproofing and infrastructure improvements at Spanish Mountain and Sanhedrin repeater sites. This emergency replacement will cost approximately \$100,000 of funding previously budgeted for the Spanish Mountain repeater site.

Oak and August Complex Fire Recovery Update

Work continues on the recovery efforts following the Oak and August fires. Phase 1 household hazardous waste and asbestos assessments were completed in December 2020. January saw the arrival of California Conservation Crews and local water protection contractors working around burned properties to ensure the wet weather does not create erosion issues that could impact nearby watersheds and fish spawning grounds. This work involves installing silt barriers and straw wattles to filter the water around these sites before draining into larger watercourses. Erosion control and watershed protection is on schedule to be completed by the end of January when teams will begin working with debris removal contractors from the State Office of Emergency Services. No official date has been made for the start of debris removal, which includes ash, cars and hazardous tree removal. The County is still seeking Right of Entry permits from all damaged properties that desire to be included in the cleanup process at the reduced cost.

Information Services Update

Information Services continues to prioritize and implement initiatives through the IT Master Plan that was adopted by the Board of Supervisors in November 2018. The Information Services team is continuously evaluating the County's technology needs. Listed below are highlights from active projects.

Cybersecurity Training

Cybersecurity training was identified as a priority initiative in the IT Master Plan. Since the original kick-off in June 2020, Information Services has conducted three (3) countywide cybersecurity campaigns. The initial cybersecurity campaign identified County phish-prone percent at 40.9% and the most recent cybersecurity campaign identified County phish-prone percent at 23.5%. Industry phish-prone percent is identified at 14%. The downward trend is a direct result of the training provided to staff. Information Services is seeing 90%+ training completion and will continue to educate all staff about the type of cyber-attacks that exist, as they are our first line of defense.

Property Tax Software System Project

The County is on schedule to go-live with the new property tax software system on February 10, 2021. The original anticipated go-live of November 10, 2020 was extended due to elections, and the COVID pandemic, etc. The various departments, consultants, and vendors are meeting daily for testing, further configuration, and finalization of go-live procedures and plans. In the next few weeks, activity will be increasing, final software builds will be completed, interface testing and modifications continued, and end user training conducted. Before the end of the month, a final data conversion will be delivered to the vendor for final processing. The County has already begun the internal changes required for a final "freezing" of data on the legacy system. All this activity is a culmination of many years of planning, execution, and effort.

Pt. Arena Radar Ring Expansion

The Office of Emergency Services (OES) acquired funding through a Homeland Security grant for the Pt. Arena Radar Ring Expansion project. This funding only covered a portion of the project and the balance of the project has been funded through the Information Technology Master Plan. The original estimated project completion was extended due to COVID delays. This project is nearing completion with remaining AT&T equipment installs scheduled for February 2021.

Agriculture Update

The annual invoices for the device registration have been sent out for 2021. These annual invoices will be due in April of 2021. The Department continues to inspect and certify scales of all varieties along with various sub meters that come into the office.

The Department continues to schedule and administer tests for individuals to get their Pesticide Applicator Certifications. The office is also issuing permits and registrations for Certified Farmers Certificates, Pest Control Advisors, and operator IDs for pesticides while ensuring that all Covid-19 precautions are followed.

The Annual Crop Report has been completed and will be presented to the Board of Supervisors soon. The 2020 Crop Report surveys will also be mailed out in the coming weeks; recipients include Mendocino County farmers and ranchers.

The Agriculture Department has some remaining Personal Protective Equipment (PPE) that was sent by the State in early December 2020. These supplies, which include various masks and hand sanitizer, are still available for agriculture and field workers.

Cultural Services Agency Update

Library

Mendocino County Libraries are offering a Winter Reading Challenge this January. *Cozy up with a Book!* honors the comfort that can be had when stuck inside on a cold wintry day and being entertained by a wonderful book. Whether it be a graphic novel, mystery, biography, romance, or anything else. Winter Reading participants can read any books they like during the challenge, and each participant is asked to read five (5) or more books to complete their individual challenge. The Winter Reading Challenge runs from January 1-31, 2021. Readers can participate [online](#) and/or contact their [local branch](#) to get a paper reading log.

For more information, visit the Cultural Services Agency's website at:

www.mendocinocounty.org/government/cultural-services-agency

The Mendocino County Library has a new online resource for residents: a [YouTube channel](#), the place to go for stories, songs, crafts, poetry and more! The YouTube channel will be updated regularly and will include Mendocino County Librarians performing children's story time programming and STEAM/STEM craft programs for children and young adults, special guests providing craft instruction, and informational and instructional videos! To find and subscribe to the channel search YouTube for 'Mendocino County Library' and subscribe.

All Library branches continue to provide curbside pickup. Please contact each branch to arrange an appointment. The Library also continues to offer various programs through online presentations. Check the website and [calendar](#) for times and dates.

Museum

The Museum partnered with Roots of Motive Power and the Willits Chamber of Commerce to put on a socially distant Holiday Express this year. The Museum exterior was decorated with lights for the month of December.

The Museum continues to add collections to the online Database. Enjoy our [Online Collection Database](#).

The Museum is for closed for in person visitors but staff continues to keep our social media vibrant with regular posts: [Follow us on Facebook](#) and visit the [virtual programs and activities web page](#).

Parks

The Parks Needs Assessment, Phase II will be completed this year. Parks are open with restrictions; please visit the [website](#) for more details about a County Park near you.

Health and Human Services Agency Status Report January 19, 2020

Behavioral Health & Recovery Services

- Continues to provide Substance Use Disorder Treatment services to clients via telephone, telehealth, limited in-person contact, and continues to provide drug-testing services. Medi-Cal Expansion for Substance Use Treatment – Organized Delivery System which began on July 1, 2020.
- The County and contracted providers continue to provide mental health services through the use of telephone and telehealth for counseling and medication services; face-to-face and crisis services are provided while adhering to social distancing requirements and using Personal Protective Equipment.
- Continues to operate a Warm Line staffed by employees trained in crisis-response; providing telephone-based emotional support for Mendocino County residents who are feeling stressed, isolated, or overwhelmed. The Warm Line is currently available Monday - Saturday from 7:30 am to 6:00 pm at 1-707-472-2311 or toll free at 1-833-955-2510.
- BHRS participated in the Local Assistance Centers (LACs) in Willits and Covelo, and between 15-20 individuals stopped by our tables. BHRS provided materials for the MCWOW wellness bags, there were approximately 1300 bags created. Wellness groups continue to be offered by BHRS, and we continue to accept ideas on additional groups that may be needed. Fort Bragg Substance Use Disorders Treatment is now offering Intensive Outpatient Treatment and Pre-trial Diversion.
- Behavioral Health and Recovery Services offers community support groups at various days/times and focused on different topics for the convenience of our community. All groups are available to the public, free to access, and are only available virtually via Zoom, or by call-in access. Spanish support groups are also available. These groups are supportive, educational, and fun support groups to help cope with the COVID pandemic, and any other events impacting our everyday lives. More information can be found at <https://www.facebook.com/MendoBHRS>.
- All essential Behavioral Health staff, which work directly with clients, have been given the opportunity to receive the COVID-19 vaccine.

Social Services

Adult and Aging Services

- Continues to facilitate the Great Plates Delivered program with a current end date of February 6th 2021. This a meal delivery service for Mendocino County's older adults. Great Plates Delivered has two purposes: 1. To help seniors (65+) and other adults (60-64) at High Risk from COVID-19, (having documented exposure to COVID-19 or underlying health conditions) to stay home and stay healthy by receiving three restaurant-provided nutritious meals a day. 2. To provide essential economic stimulus to local businesses struggling to stay afloat during the COVID-19 crisis. As of January 11th, 2021 the Great Plates program is delivering 1625 meals a day and overall 213,091 meals have been delivered since the beginning of the program. Seniors interested in applying for this program can contact Mendocino County Adult & Aging Services at 707-463-7900 or toll free at 1-877-327-1799. Seniors can also apply online at mendocinocounty.org/greatplates.
- Public Authority – Continues IHSS provider orientation trainings and fingerprinting, while maintaining all social distancing protocol.
- Continues to track COVID-19 calls from In Home Supportive Services (IHSS) clients and respond to emergent needs within 24 hours.
- Continues to distribute gloves and masks to all essential IHSS Workers.
- Continues to provide critical essential services to clients.

Family and Children's Services

- Continues to facilitate family visits between children in foster care and their parents, siblings and other relatives. Most visitation has resumed in-person after a case-by-case and visit-by-visit assessment to ensure the health and safety of all visiting parties, supervising staff and foster caregivers. Visits through video and/or phone continue as a supplement to in-person visitation or in lieu of in-person visitation if there are health concerns.
- Continues to support children, young adults and families involved in our dependency system through regular monthly contacts with their social worker. Due to the County's return to the purple tier, monthly in-person contacts may occur by video instead of in-person, on a case-by-case determination per State guidance. Staff are provided with gloves, masks and hand sanitizer in order to maintain safety for staff and clients.
- Continues to provide mandated services to respond to child abuse and neglect referrals and meet the needs of clients, while maintaining the safety and protection of all individuals. Social Workers conducting abuse and neglect investigations are provided with Personal Protective Equipment to wear, and have been provided with guidelines from the State to safely conduct investigations while still ensuring child safety.

Employee & Family Assistance Services (EFAS)

- Continues to process program applications and verifications received electronically, by mail, fax, or e-mail, as well as documents received from our drop-boxes outside of our Ukiah and Fort Bragg offices. All applications are screened for emergency services, and any required interviews are completed by telephone.
- The Department of Health Care Services has extended the delay in processing of annual Medi-Cal Redeterminations and reported changes in circumstances to avoid loss of Medi-Cal coverage for Medi-Cal beneficiaries. EFAS continues to focus

attention on application processing to ensure that health insurance is not a barrier to care for our community. Mendocino County's Medi-Cal caseload has grown by 6% since January 1, 2020.

- This year's Open Enrollment to purchase health insurance through Covered California will run from November 1, 2020 to January 31, 2021. You can apply for Medi-Cal at any time during the year.
- Emergency allotments for CalFresh have been approved by the Food and Nutrition Services (FNS) through the benefit month of January 2021. Emergency allotments are a supplement to bring a household's CalFresh issuance up to the maximum amount for the household size. The California Department of Social Services must request the emergency allotments each month, and the actual issuance will happen in the month after the benefit month. The next emergency allotment issuance will take place on Sunday February 7 (January benefit). The December benefit issued on January 10, 2021.
- CalFresh will receive a temporary 15% increase to the maximum allotment amounts for the months of January 2021 to June 2021. Households can anticipate seeing the change through automation for the receipt of their March 2021 benefits, and will receive the increased allotments for January and February through a supplemental issuance.
- Maintained public assistance benefits, including CalWORKs, CalFresh, and Medi-Cal for 39,210 County residents.

Advocacy and Collaboration Team (ACT)

- The ACT Team continues to work closely with community partners and the CEO's Office to develop the programmatic components for Project Homekey - a project that will provide over 50 units of permanent and transitional housing to homeless individuals. Depending on the construction remodel schedule, the project is on track to open to new residents by March 31. A Community Meeting about the project will be held on January 27 at 4 pm. (To RSVP for the meeting, please email project_homekey@mendocinocounty.org)
- The ACT Team continues to manage the local implementation of California's Project Roomkey, which provided motel rooms to high-risk unhoused individuals who meet specific criteria as a protection from COVID-19 spread. At present, Project Roomkey is providing housing support to approximately 42 high-risk households. Program capacity is very limited.
- Working with community partners, the ACT Team worked collaboratively with law enforcement organizations to provide assistance and support to individuals living in six different homeless encampments since June, in four different locations in Ukiah, one in Fort Bragg, and one in Willits.
- Community Outreach staff with the ACT Team continues to provide technical assistance, support, and education to community-based organizations, including the network of health care clinics and family resource centers, in topics related to CalFresh and Medi-Cal outreach and navigation.
- ACT Team staff continue to work collaboratively with the Board of the Mendocino County Homeless Services Continuum of Care to utilize pandemic-related funding to support the pandemic-related needs of homeless service providers.
- ACT Team continues to manage the implementation of the County's Whole Person Care program, focusing on those individuals in our communities with complex medical and behavioral health conditions and needs.
-

Public Health

- Leads the Public Health response to COVID-19, including maintenance of the Department Operations Center, which tracks COVID-19 cases within the county; conducts thorough contact tracing to slow spread; facilitates COVID-19 testing via OptumServe, in addition to other targeted testing according to public health need; manages the COVID-19 vaccine rollout to community partners and the public via vaccination events, while maintaining state and federally-mandated rollout guidelines; monitors public concerns and questions regarding COVID-19 in our county via social media, press conferences and the Call Center; secures Personal Protective Equipment, tests and relevant couriers; collaborates with different labs in the region to ensure testing continues at the rate necessary; and researches and secures available emergency funding.
- Maintains other communicable disease interventions during COVID-19 incident oversight.
- The WIC Program has closed the 2020 year with good results, we have increased our participation rate and with the new technological capabilities, we are continuing serving our community doing phone appointments, delivering breast pumps and educating our participants in this unprecedented time. Likewise, in partnership with First5, we were providing diapers to families in need. According to the USDA, we will continue to provide services in the Women Infant & Children (WIC) program, currently over the phone, providing nutrition assistance to low-income eligible parents, pregnant and breastfeeding women countywide.
- Community Wellness staff continue to provide support via COVID-19 Contact Tracing and Investigation. Oral Health team members work with State efforts for equity in Oral Health. Tobacco Control Program Staff collaborate with, and support, the Tobacco Coalition to promote the health of our youth and community via Tobacco and vaping cessation education, policy, and systems change. Each CW Team Member continues to assist in key essential services surrounding the COVID-19 pandemic in addition to completing contractual and program requirements for prevention and the wellness of our community.

Public Health Nursing/Maternal Child Adolescent Health (MCAH), Field Nursing, Healthy Families Home Visiting & CalWORKs Home Visiting

- The COVID-19 surge has made life more difficult for our participant families. Report of housing insecurity and anxiety about keeping things together and staying healthy at home have increased. Healthy Families Home Visitors continue to provide support and referral to resources during these difficult times. In the last 4 weeks, we have provided 13 in-person visits and 17 remote visits as well as phone calls and texts to 35 participant families. Five families have been "out of contact" and we are finding that as the exhaustion and overwhelm of the pandemic continues, outreach and new enrollments are more challenging to accomplish. The MCAH team continues to work as contact tracers, COVID-19 testing staff and with Public Health Officer Dr. Coren to get our schools safely reopened.
