

Good Afternoon,

I am writing to you today as a citizen of Mendocino County. I'm urging you to both terminate your contract with the USDA Wildlife Services and it's lethal IWDM Program, and to establish a NWDM (Non-lethal Wildlife Damage Management) Program. That program should be administered locally. I do NOT want my tax dollars to continue funding a program that kills native wildlife. We should be looking into non-lethal ways of co-existence.

Thank You,

Joseph Marsala
