

Hello Board of Supers.;

I don't usually pay much attention to my wack-job cousins in Mendocino County but this is an exception:

MC really should terminate its contract with Wildlife Services. Its history is well known.

That's why they changed their name from ANIMAL DAMAGE CONTROL to "Wildlife Services".

Cute huh?

But remember the nickname for ANIMAL DAMAGE CONTROL was ALL DEAD CRITTERS.

"Wildlife Services". That's why criminals change their name.

Thanx, RE PENNEY
