To Mendocino County Board of Supervisors,

I am a twenty-five year resident of Redwood Valley. I am against the implementation of Phase Three of the cannabis ordinance. We have a water shortage in our county. This is the wrong time to issue permits for cannabis cultivation.

We had a moratorium on residential construction in Redwood Valley twenty-five years ago due to a water shortage. We need a moratorium on cannabis cultivation due to our current water shortage. Increasing agriculture in a time of drought is bad news for Redwood Valley residents. Vote No or agree to a moratorium.

Thank you,

Bob Parmnter
