

Hello,

WILDLIFE IS NOT OWNED BY YOUR COUNTY NOR YOUR RANCHERS AND YOU HAVE NO RIGHT TO MURDER IT IN THE NAME OF A FEW RESIDENTS WHO MOVE TO A WILD PLACE AND THEN COMPLAIN ABOUT THE WILDLIFE!!!!

PLEASE act like 21st century civil, awake, humane citizens of the world and stop killing struggling wildlife because of commercial interests. Profits for a few humans do not outweigh the rights of any animals to exist. This is California well into the 21st century! Why is taxpayer money being used to support small self-interest groups?

We all know that wildlife do not seek out ranchers' animals because they are cruel and devilish. That's 1950s thinking. If ranchers are losing chickens to coyotes who's fault is that? The rancher who doesn't secure their private property, obviously. If they also left \$100 bills lying about on the ground of their ranch would you kill the humans that took them? If bears go into people's houses through dog doors and eat dog food who's fault is that?

I repeat... WILDLIFE IS NOT OWNED BY YOUR COUNTY NOR YOUR RANCHERS AND YOU HAVE NO RIGHT TO MURDER IT IN THE NAME OF A FEW RESIDENTS WHO MOVE TO A WILD PLACE AND THEN COMPLAIN ABOUT THE WILDLIFE!!!!

Sincerely,
S. Lundgren

CA citizen and resident, tax payer, animal rights advocate, humane human
