

To the Mendocino County Board of Supervisors:

I am asking that you please terminate CSA with USDA Wildlife Services and instead Implement The Mendocino County Non-Lethal Wildlife Damage Management Program` with the county Animal Care Services.

The Lethal method now in use is inhumane and labor-intensive.

Traps and poison can injure and kill innocent non-target animals and pets.

Nonlethal Wildlife management is much more humane and more cost-effective.

I sincerely hope that you will adopt the more humane wildlife management program which has been proven to be a more cost-effective approach.

Joan Hansen
