

To the Mendocino County Board of Supervisors,

Please terminate the contract with Wildlife Service Management through the USDA and implement a non-lethal Wildlife Damage Management program with the county Animal Care Services.

It is time for Mendocino County to follow the science and the will of the majority of the residents on this matter. We have seen presentations that make it clear that non-lethal methods are more effective, more humane, and will be better for our environment and bio-diversity.

Let's be leaders in moving away from archaic and harmful practices by supporting these resolutions.

Thank you,

Mary Misseldine
