

Dear Mendocino County Supervisors, all,

I am writing to urge you vote “NO TO BIG GROW” in the upcoming vote on the Cannabis Issue. Please support the small growers, the environment, the local economy and the basic climate of life here in Mendocino County. We do not need the big growers, large conglomerates, their major water usage and their disdain for the roads, land and water. Especially in this drought year, this is a major issue and I hope you will vote NO, loud and clear.

Margaret Graham

Former small grower

Former small business owner in Willits

Now retired widow

Resident of Mendocino Co. since 1980
