

To the Board of Supervisors, Mendocino County

PLEASE VOTE NO TO EXPANDED CANNABIS OPERATIONS IN OUR RURAL NEIGHBORHOODS!!

Bulldozed hilltops; chain-sawed forest lands; airplane-hanger greenhouses, surreptitious water diversions from creeks, lumbering water trucks all summer long; commercial deep wells sucking down the water table; flatbed deliveries of bagged soil conditioner; 20 yd. transfer-trailer loads of bulk planting soil; carloads of commuting workers on narrow roads; roadsides littered with latex gloves; floodlight surveillance systems; chugging generators night and day, fuel truck deliveries; black-cloth fences on your property line; a landscape that looks like a medium-security prison perimeter: **Is this what your vision of rural Mendocino County should be????**

Large-scale Commercial Pot Grows Belong in Commercial and Industrially-zoned Properties, not in our rural neighborhoods.

Commercial Pot Grows look and act nothing like rural Agriculture. They do not belong in our rangelands, open spaces, or rural residential subdivisions.

We, the People voted down this sort of "Anything Goes" Cannabis Production in 2016. Listen to us and represent the vast majority, not the special interest profiteers in it for the money only.

NO TO THE 10% PARCEL SIZE EXPANSION OF A HUGE PROBLEM ALREADY OUT OF CONTROL.

Thank you for acting in the best interests of your constituents,

Gary W. Owen
