

Dear Mendocino County Supervisors

I'm writing to express my opposition to the proposal to open rangelands to commercial marijuana growing and allow up to 10% of all rural parcels to be used for such purposes. This idea is an affront to wildlife, water supplies, and our quality of life, and I'm frankly shocked it's even up for consideration.

I'll spare you a long commentary because you've heard all the arguments. Suffice it to say that I won't be supporting the re-election of a representative who backs this or other proposals to significantly expand the scale of allowable greenhouse-based marijuana growing, whether on wildlands or existing agricultural lands.
