Re: Transfer Station Improvements - Agenda Item 6a.

Dear Honorable Supervisors,

The Round Valley Area MAC would like to provide our support for the plan to improve waste hauling capacity and service levels at the Covelo transfer station. While we understand fees will need to be raised, it is clear that improvements in waste management services in the community are very needed and worth this small anticipated increase.

The Round Valley community has been facing a lot of challenges with the level of service that is available at the transfer station, which has led to an increase of garbage being left along roadsides and creeks. The community has put in a lot of effort in cleaning up; increasing the capacity of the transfer station will help to reduce the amount of garbage littered in the community in the first place.

We really appreciate the County working with the Round Valley Area community to identify, address, and solve some of the issues we are collectively facing.

Thank you for supporting our community by working to make improvements to the transfer station.

Sincerely,

Jessica Stull-Otto
Presiding Officer
