

Honorable Members Mendocino County Board of Supervisors,

Thank you for the countless hours and energy you have each put into the process of shaping and supporting our legal cannabis economy in Mendocino County. Along with you, putting shoulder to the wheel, are hundreds of experienced cannabis farmers and legal and industry professionals.

Your mission statement (from your website) reads:

"Mendocino County Board of Supervisors' mission is to create and maintain a **responsive and responsible government that enhances the quality of life of the people of Mendocino County**. The County's mission is to deliver services that meet: Public safety, health, social, cultural, education, transportation, economic, and environmental needs of our communities."

It is your job to take the information you receive from experts and community members and shape policy and regulation that reflects what is best for Mendocino County.

I strongly urge you to implement the suggestions put before you in the memos submitted by Hannah Nelson, the Mendocino Cannabis Alliance, and the Covelo Cannabis Advocacy Group relative to agenda items 3a and 4a on the agenda for your meeting tomorrow, June 2, 2021.

You have heard from hundreds if not thousands of community members over the past several weeks supporting the suggestions put forth by the professionals and industry leaders represented by the MCA and CCAG.

Please implement their suggestions.

Sincerely,

Lynn Zachreson  
Cultivator  
Covelo
