

To the board,

It has come to my attention that 75% of the Mendocino Fire Safe Council's budget is on the chopping block. Big mistake.

I have used their services a number of times ... getting number signs for our private road properties so CalFire can find us, general information, etc.

I have also reached out to them for help organizing a community fire safe council for my own small one-way-out 6 mile long dirt road community.

Please reconsider this penny-wise pound-foolish choice.

Thank you,
Joanne Moore
