

To the Board of Supervisors,

I have just read the letter and comments sent to you from Scott Cratty, Executive Director of the Mendocino County Fire Safe Council. I would like to endorse all of Scott's positive appeals to the BOS to NOT reduce the annual budget for the MCFSC. The Fire Safe Council does essential work towards supporting the fire risk mitigations in our county including supporting the many local fire safe councils, including the Ridgewood Fire Safe Council of which I am a member and lead for the Muir Mill Road area.

Thank you for considering my email of support to NOT reduce the annual budget of the Mendocino County Fire Safe Council.

Sincerely,  
Patricia Yoxall
