

As a long time owner and resident in Mendocino County, I am opposed to the significant reduction in funding for the Mendocino County Fire Safe Council (MCFSC). I strongly urge the council folks to reconsider their cost reduction to this great non-profit and restore the necessary funding to help preserve the areas in the fire prone area within Mendocino County. We don't want or need a Paradise-like disaster to magnify the impacts a reduction in funding to MCFSC efforts may have. Thank you for your reconsideration.
