

It was just brought to my attention that you folks plan to DEFUND fire abatement efforts. That astounds me! Please, do not demonstrate that public safety is NOT YOUR CONCERN. With the 10% expansion you've shown a telling need for MONEY in SOMEONE's pockets - and by defunding fire abatement efforts in the county, you demonstrate a dangerous lack of concern about your constituency, again, for MONEY.

Please surprise us: DO THE RIGHT THING.

Dennis Miller
