

You need to wake up & make better decisions about our county! Slashing the Mendocino firesafe council funding would be yet another brainless decision made by the board! You are elected by the people & you're not making decisions that are for the good of the county! Your vote to expand cannabis growing was VERY STUPID! It should be curtailed until the drought is over! Don't think many of the counties residents will vote to re-elect any of the current board members, you sure won't get my vote! USE YOUR BRAINS & DO WHATS RIGHT FOR THE LAND & THE RESIDENTS OF MENDOCINO COUNTY!
