9717 Landmark Parkway | St. Louis, MO 63127 | (314) 892-6300

timeliness of the response is dependent upon the severity of the issue/support problem, as defined below:

The severity of the issue/support problem shall determine the average problem resolution response time in any calendar month of the contract as follows:*

**If the remote support tool is not installed or available all issues will fall into the general assistance and the severity levels are no longer applicable.*

Severity Level 1 shall be defined as urgent situations, when the Client's production system is down and the Client is unable to use PbK, Karpel Solutions' technical support staff shall accept the Client's call for assistance at the time the Client places the initial call; however, if such staff is not immediately available, Karpel Solutions shall return the customer's call within one (1) business hour.
