

RQMC has been managing Adult and Children's Mental Health services contracts for years. Systems of Care are stronger, more collaborative and effective since RQMC has been the ASO overseeing service contracts. It is essential that administration of these contracts remain with RQMC particularly during these challenging times for all the agencies providing essential mental health services in our County. Approve this contract. Agencies involved in the Systems of Care support RQMC's continued management and oversight. There is a great deal at stake if this contract is not approved. Crucial Services will be lost. RQMC has managed and coordinated contracts well and sincerely cares about quality of service delivery. Approval of this agreement is essential!!
