WHEREAS, the Coastal Act was amended by Senate Bill 1843 effective January 1, 2007, which allows for a consolidated permitting process for projects for which the Coastal Development Permit (CDP) authority is shared by a local government and the California Coastal Commission; and

WHEREAS, SB 1843 requires that the applicant, the local government, and the California Coastal Commission agree to the consolidation; and

WHEREAS, the California Department of Transportation (Caltrans) seeks to widen and upgrade the bridge rails on the Jack Peters Creek Bridge on State Route 1 at post mile 51.87 are under the coastal development permit authority of both Mendocino County and the California Coastal Commission, and would otherwise require a coastal development permit from both Mendocino County and from the California Coastal Commission for the improvements located within each jurisdiction; and

WHEREAS, pursuant to Public Resources Code Section 30601.3, added by SB 1843, consolidation may only proceed where public participation is not substantially impaired by the consolidation; and

WHEREAS, public participation will not be substantially impaired as the California Coastal Commission will hold a public hearing, which may be attended by all interested parties (by either being present during a properly noticed California Coastal Commission meeting or by timely submitting comments in advance of a meeting), and the consolidation of the permit process will allow for this project which involves improvements to the Jack Peters Creek Bridge on State Route 1 at post mile marker 51.87, to be evaluated in its entirety.
