

Why doesn't Redwood and Potter valley receive at least HALF the money from PG&E!!!! We burned down....not Mendocino County!!! And we have no WATER!!! WHY NOT spend the money for a water supply...amongst other needs!!... so when we burn down again...will the county wonder why we couldn't fight the fire????
Have an open discussion of how to spend the \$22 million!!! The citizens want to have input!!!

Sincerely, Marvin Trotter MD
