Project title: Lambert Lane Bridge at Robinson Creek Replacement Project, County Bridge #10C0146.

Lead agency: Mendocino County Department of Transportation (MDOT), 340 Lake Mendocino Dr., Ukiah, CA 95482

Contact person, phone number and e-mail: Chris Collins, Environmental Compliance Specialist, (707) 234-2818, collinsch@mendocinocounty.org

Project location: The Project is located in the Town of Boonville, California on the western side of State Route 128 in the Anderson Valley Region on Lambert Lane at the crossing of Robinson Creek.

Description of project: The Mendocino County Department of Transportation (MDOT) proposes to replace the existing Robinson Creek Bridge on Lambert Lane, approximately 400 feet west of State Route (SR) 128. The existing structure is 32 feet long and 26 feet wide reinforced concrete bridge with closed strutted abutments founded on spread footings on erodible alluvial material. The replacement bridge will have 9-foot lanes and 5-foot shoulders in each direction resulting in a wider structure which meets safety standards. In addition to the bridge replacement, portions of the stream channel upstream and downstream of the bridge will be stabilized. Construction is expected to begin in summer 2022.

ENVIRONMENTAL DETERMINATION: The Mendocino County Department of Transportation has prepared a Draft Mitigated Negative Declaration for the above project (there will not be a significant effect in this case because proposed mitigation measures will reduce potentially significant effects to a less than significant level). A copy of the the Initial Study and Proposed

MND is available for review on the Mendocino County website at <https://www.mendocinocounty.org/government/environmental-documents>.
