

Good afternoon,

We're writing in support of the letter submitted on 11/8/21 by Covelo Cannabis Advocacy Group, the MCA, Round Valley Cannabis Cooperative, Mendocino Generations, Hive Mendocino, Anderson Valley Cannabis Association and Mendocino Producers Guild.

¶

We believe that oversight is strongly needed for the portal submissions, an appeal process for any denials, we're very concerned about the understaffing in the cannabis department, and would really like to see a standing cannabis committee created so that the myriad of issues being experienced by applicants, consultants and advocates can be addressed appropriately.

Thank you,
