

Hello Board Of Supervisors, County Council and CEO,

¶

I support the comments in the letter submitted by MCA I attached. This is an excellent opportunity to uplift citizens seeking to develop businesses for the benefit of their families, communities and county. I hope you consider how to best allocate the budget keeping in mind all those dependent on your decisions and choices that represent the best interest of all parties.

Thank you for your time and hard work. May we all be benefited by the award of these funds too the county and its community.
