Summary of Request:

Due to COVID-19 pandemic surge, the impacts on our emergency rooms are substantial. In an effort to reduce impacts on our local emergency rooms, the County received a request to provide County support for transporting clients to a psychiatric hospital and housing clients awaiting for a bed in a psychiatric hospital. On August 16, 2021, Behavioral Health and Recovery Services, working with our subcontractor Redwood Community Crisis Services, started transporting individual's when Medstar is unable to transport. On August 23, 2021, Behavioral Health and Recovery Services opened an alternate site to house individuals who are waiting for a bed at a psychiatric hospital.

Insurance companies do not reimburse these additional services. In an effort to support our community and local hospitals, Behavioral Health and Recovery Services has responded and implemented services to support our hospitals during the COVID-19 pandemic response. Funding in the amount of up to Five Hundred Fifty Thousand Dollars (\$550,000) is requested to support these services through December 2021. The funding request is an estimate and actual cost could be less or more.

Alternative Action/Motion:

Return to staff for alternative handling

How Does This Item Support the General Plan? The services provided through this agreement will support the general plans principle 2-3f; to collaborate with local communities, agencies and organizations to promote all aspects of wellness in the county's populations.
