**Previous Board/Board Committee Actions:**

None directly related to this request.

**Summary of Request:**

A collection of miscellaneous facility modifications will be needed for County operations in a post COVID-19 world. As facilities are reopened to the public, responsible service delivery models must be redefined. In multiple locations across County facilities, transparent barriers will be needed along with changes to the way that public areas are accessed. Approval of this work collectively as a Capital Improvement Project with a \$50,000 budget will streamline the process necessary for completion. Projects to be completed will be eligible for one time funding in the form of insurance subsidy reimbursement.
