**Summary of Request:**

Mendocino County Health and Human Services Agency, Public Health and the Mendocino County Breastfeeding Coalitions request that the Board of Supervisors join the nation in adopting a proclamation declaring the month of August 2018 as Breastfeeding Month in Mendocino County. This Proclamation is to raise the community's awareness of the benefits of breastfeeding and to promote support for mothers who

choose to breastfeed. Breastfeeding has been proven to prevent myriad diseases and is also an important component of emotional health for the both infant and mother.

Additionally, each year during the month of August Mendocino County's inland and coastal breastfeeding coalitions recognize and award an exemplary employer who complies with current California State Law that requires lactation accommodations and support in the workplace. This award highlights the importance of breastfeeding for the infant's and mother's well-being and the role employer's play in helping to support the health of the infant and mother.

**Alternative Action/Motion:**

Return to staff for alternative handling.
