Summary of Request:

Behavioral Health and Recovery Services (BHRS) Mental Health (MH) is currently utilizing NetSmart Technologies, LLC's (NetSmart) Electronic Health Record (EHR) system to house and provide reporting on client electronic health records. This level of accurate and secure data storage and reporting is mandated in order to be in compliance with all required regulations. The EHR system has been used by MH for over 15 years, and for the Substance Use Disorders Treatment (SUDT) program since 2020.

On June 7, 2022, the Board of Supervisors (BOS), approved Agreement No. BOS-22-129 with NetSmart to provide the annual licensure, maintenance, and support for BHRS' EHR system, MyAvatar. On January 10, 2023, the BOS approved the first Amendment, to increase the Agreement total to \$315,194 and add the CareConnect Health Information Exchange functionality to the existing MyAvatar EHR system. On October 31, 2023, the BOS approved the second Amendment, to increase the Agreement total to \$338,080 and add the CareConnect FHIR API and MyHealthPointe functionalities to the existing MyAvatar EHR system.

The proposed third Amendment will fund the purchase of MyAvatar NX and MyAvatar OrderConnect NX modules for the existing EHR system. The NX upgrade includes: an all-new user interface and design including a one-stop-shop Universal Search; online-only access enabling users to log in on any browser without any JAVA installations; and the ability for more quickly accessible day-to-day items and forms from the new home screen. The NX upgrade will help BHRS modernize the EHR system and increase interoperability within the network. The OrderConnect NX upgrade includes: e-prescribing and lab ordering to send prescriptions to local pharmacies and order labs with ease; and accurate documentation of medications that were prescribed elsewhere. The OrderConnect NX upgrade will help BHRS increase accuracy of clinical data reconciliations and provide clients with detailed and comprehensive chart information. Once the proposed third Amendment is executed, it will be effective for the full term of the Agreement, from July 1, 2022 through June 30, 2026.
