**Summary of Request:**

Mendocino County Public Health (PH) requires a County Health Officer (CHO) to provide medical oversight, direction, and guidance for the Public Health department. The CHO shall guide and direct the implementation of control needed in times of epidemic outbreaks of communicable diseases, biological or chemical incidents, and/or natural or manmade disasters. The CHO shall also serve as a liaison between PH and the community physicians. These services are all requirements as they pertain to the majority of the programs within PH.

The previous CHO retired as of January 31, 2024, therefore, PH is seeking approval of the proposed Agreement with Dr. Theron Chan, M.D. to provide services as the interim CHO. Dr. Chan has previously provided critical assistance as the Deputy CHO during the COVID-19 pandemic and is familiar with the programs within PH, as well as County processes. Through the proposed Agreement, Dr. Chan will provide critical services, medical expertise, and professional oversight to carry out the required services as the interim CHO.
