Previous Board/Board Committee Actions:

Summary of Request:

The Lanterman-Petris-Short (LPS) Act is the California law governing the involuntary civil commitment of individuals who, due to mental illness, pose a danger to themselves, a danger to others, or who are gravely disabled and require inpatient psychiatric care. The intent of the LPS Act was to end inappropriate lifetime commitment of people with mental illness and firmly establish their right to due process while significantly reducing state institutional expense.

Pursuant to the requirements of the LPS Act, Mendocino County is responsible for providing residential care services to LPS clients who are court-mandated to receive a specific level of care requiring a structured environment due to mental health challenges. Currently, there are no local facilities in Mendocino County that are able to provide all levels of care as mandated by the courts. In addition, there is a shortage of residential care facilities statewide, which creates competition for these placements. As a result, Behavioral Health and Recovery Services (BHRS) contracts with multiple residential care facilities in order to help manage the shortage, and to maintain current client placements, ensuring the most appropriate care within the largest possible placement options.

Davis Guest Home, Inc. is one of the few residential care facilities able to provide services to Mendocino County LPS clients. Davis Guest Home, Inc. is a residential care facility in Modesto, California, providing 24-hour residential care in a clean, comfortable, and home-like environment. Davis Guest Home, Inc. provides

medication management, educational opportunities, socialization and group interactions, entertainment/recreation, and transportation for the residents, with an overall goal for clients to achieve independence with a lower level of care requirement.

Alternative Action/Motion:

Return to staff for alternative handling.
