Summary of Request:

In response to the declared emergency, the Chief Executive Officer, as Director of Emergency Services, issued an order commandeering a vacant skilled nursing facility located at 131 Whitmore Lane (Ukiah). This facility establishes surge capacity as an emergency protective measure related to the COVID-19 pandemic for emergency congregate shelter and housing for members of the public, including but not limited to housing individuals awaiting test results or in quarantine due to having the virus. The site is leased for six months, with an option to extend. As this facility had been vacant for several years and most utilities disconnected, significant work was required to analyze the building systems, re-establish utility services and pass fire department and OSHPD inspections.
